

**\$749**  
VALUE

**UTILA, BAY ISLANDS**  
**UTILA LODGE**

When seven people book the "A Whale Shark Ate My Lunch" seven-night package at Utila Lodge, one person is free, a \$749 value. Includes accommodations in an air-conditioned waterfront room with wireless Internet and daily breakfast; three boat dives daily, welcome cocktail, use of kayaks and canoes, whale shark presentation, and round-trip airport transfers, for \$749 p.p., dbl. occ. This rate does not include 16 percent hotel tax or \$3 per day reef conservation fee. The same package with round-trip airfare from Atlanta is \$1,469 p.p. dbl. occ. Visit the Mayan ruins of Copán for \$268 p.p. For travel before Jan. 23, 2009, excluding holidays. Use the booking code UTL8:B&D. (800-282-8932; utl@roatan.com, utilalodge.com)

**\$3,159**  
PER DIVER

**VANUA LEVU, FIJI**  
**KORO SUN RESORT & RAINFOREST SPA**

You get one free night when you book seven nights in a private, air-conditioned oceanfront bungalow. The rate is \$3,159 per diver, dbl. occ., and the package includes round-trip airfare from Los Angeles on Air Pacific and Pacific Sun (call for other departure cities), five days of two-tank, guided boat dives with Koro Sun Dive, a one-hour "Rainforest Massage" that incorporates Fijian techniques in a tropical setting, upgrade to a one-bedroom, ocean-view suite, subject to availability upon check-in, all meals including tea and coffee, round-trip airport transfers, and hotel taxes and service charges. Valid for travel through March 31, 2009. (800-348-0842; info@t-n-t.com, trip-n-tour.com)

**\$250**  
SAVINGS

**MOOREA, FRENCH POLYNESIA**  
**TE NUNOA & MOOREA**

**FUN DIVE** Discover Moorea's topside beauty and unforgettable diving at the secluded luxury guest house Te Nunoa. Stay seven nights and pay for only six, a \$250 savings. The package also includes five days of two-tank boat dives with Moorea Fun Dive, round-trip airport transfers, hotel taxes and service charges. The rate starts from \$1,069 per diver, dbl. occ. Valid for travel until Dec. 31, 2009. (310-507-0211; dive@divetahitiblue.com, divetahitiblue.com)

Gloves are indispensable for thermal or abrasion protection. Gloves that are cumbersome can impede access to my camera controls. So, for the ideal combination of warmth and dexterity, I use Insta Dry gloves!

# FINGER TIPS

Henderson manufactures more than 13 different glove styles. Here are few "Finger tips" to help you pick the best glove for your personal requirements.

**GRASP THE TECHNOLOGY THAT FITS YOUR DIVING STYLE...**

**GOLD CORE™ TECHNOLOGY**

It provides the perfect blend of warmth and flexibility. The Gold Core lining forms a skin seal that helps eliminate cold water entry as fast. The anti-microbial interior helps reduce bacteria-causing bacteria. Also available in 3 styles for increased forearm coverage. Available thicknesses: 3mm 5mm 7mm

**TITANIUM HYPERSTRETCH™**

Expand your expectations of dive glove comfort. This soft and ultra flexible glove is Henderson's most comfortable. Special contour design eliminates the need for hook and loop or zipper closures. This glove provides a maximum range of motion with an increased tactile sensation. Available thicknesses: 3mm 5mm 7mm

**PREMIUM NEOPRENE™**

Durable and hard working, Henderson's Premium Neoprene gloves are offered in a wide range of styles and thicknesses to suit every dive situation. The 2mm Tropic Glove shown above is great for warm water diving and also well suited for many topside activities. Available thicknesses: 3mm 5mm 7mm

**INSTA DRY™**

This glove is so flexible you can pick up a dime. A great choice for Underwater Photographers. Most importantly, it's our warmest glove. Available thicknesses: 3mm 5mm

**DON'T SETTLE FOR LESS...**
